

## 2017 Fall Community Grants

The Brookline Community Foundation awarded just over \$235,000 in grants to 14 organizations that are focusing on the most pressing needs in our community. BCF's 2017 grantees are addressing issues of health and wellness; expanding opportunities for youth; empowering low-income individuals and families; addressing issues of educational equity; and providing critical support to Brookline's most vulnerable populations.

Except where noted, grantees received funding through BCF's Fund for Brookline.
